901294	Giant LED Evo 45.000 Lm with 2 Schuko Sockets	324.50 EUR

# Lighting workshop Professional

## Application:

With a variety of functions, the lamp is ideal for illuminating any workplace. The high luminous flux and maximum degree of impact resistance are especially important for lighting construction sites or for the work of services intervening in various emergencies. A high degree of waterproofness allows its use in the harshest weather conditions. The numerous accessories provide a wide range of mounting options so as to precisely direct the light beam, leaving the worker's hands free. Its small size and light weight make it easy to use in workshops, car showrooms, to illuminate the workplace in industrial halls or finishing work

## Accessories available:

### ■ 3 m stand for the Giant worklamp

Index: 000294
