Lighting workshop Professional

Application:

Thanks to its various functions, the lamp is an ideal solution for illuminating the engine compartment during repair work in a car workshop. Thanks to the wide adjusting range, the lamp can also be mounted inside the vehicle during auto-detailing work or cleaning the vehicle in a car wash. The adjustable light power allows the light to be adapted to specific customer's requirements. Thanks to the battery power supply, work with the lamp does not require access to the mains.
